

Personal Profile

A concise overview of my identity, background, education, and professional interests.

My name is Naitik Agrawal. I belong to Gursarai, Jhansi, Uttar Pradesh, India. I am currently pursuing a Bachelor of Technology (B.Tech) in Computer Science & Engineering from Dr. B. R. Ambedkar National Institute of Technology (NIT) Jalandhar, Punjab, India. I have a CGPA of 8.56, and I completed my Class 12 education from VidyaSagar School, Indore, where I scored 94.4%.

I am a Computer Science student and an aspiring Software Engineer. My primary interests include full-stack web development, data structures and algorithms, software engineering, databases, and Artificial Intelligence/Machine Learning. I have worked on several projects involving technologies such as React.js, Next.js, Node.js, Express, MongoDB, PostgreSQL, Python, and SQL.

My academic and project work includes developing full-stack applications, recommendation and sentiment-analysis systems, online assessment platforms, and other software projects. I am continuously improving my problem-solving, development, and technical interview skills while preparing for opportunities in software engineering.
